Learning Beyond the Classroom

Real experiences. Lasting memories.

Children learn best when they can explore, question and experience the world around them. Alongside classroom teaching, we provide opportunities for learning outdoors, educational visits, visitors and hands-on experiences that bring learning to life.

Forest School

Regular Forest School sessions help children develop confidence, resilience, teamwork and independence while learning through nature in every season.

Educational Visits

From museums and theatres to Parliament and local walks, visits enrich our curriculum, inspire curiosity and create unforgettable learning experiences.

Learning Without Walls

Whether welcoming visitors into school or exploring our local community, we believe some of the best learning happens beyond the classroom walls.
